Date: 6th February, 2018

To: Head of the Department /
Principal of the Science College.

Sub: An International workshop on **“Bio-Epidemic Modelling and Analysis in Pharmaceutical”**

Dear Sir,

The Department of Mathematics at HNGU, Patan is organizing jointly with The Mathematics Consortium (TMC), India, An International workshop on **“Bio-Epidemic Modelling and Analysis in Pharmaceutical”** 24 - 25 February 2017. Our objective is to emphasize the conceptual understanding of the various topics like Bio-modelling, Physics / Chemistry / Pharmaceutical concepts to the science faculties at various departments/collages. We believe that, perhaps this objective can be better achieved by triggering the thinking & analytical capabilities among the science teacher through applicability of Statistical analysis to Pharmaceutical Product. We are aiming at are the ones, which need bit of thinking and deeper understanding of the concepts.

We, therefore, request you to encourage Mathematics as well as science faculties from your department/collage to attend this International Workshop. The Brochure for the Workshop is enclosed herewith for your ready reference. Online registration opens from 7th Feb-18 & Number of participants limited to 60 only, For further details request to visit our university website: ngu.ac.in.

With warm regards,

Sincerely Yours,

M. B. Prajapati

Dean, Professor and Head,

Mathematics Department,

HNGU, PATAN-384265
